

SKYTECH

**Your Trusted Enterprise Partner for Digital Transformation,
Cloud, Cybersecurity, and Managed IT Services**

WHO WE ARE?

Skytech is a trusted IT consulting and solutions partner in the UAE and GCC, helping enterprises build secure, scalable, and future-ready technology ecosystems.

We specialize in Cloud Transformation, Cybersecurity, Active Directory & Hybrid Infrastructure, Microsoft 365, Intune, Entra ID, Managed IT Services, and Automation. Our focus is on enabling organizations to adopt best practices, optimize operations, and secure their digital environments driving sustainable growth and innovation.

OUR VISION

To be the trusted partner for building secure, modern, and automated IT ecosystems that empower businesses across the Middle East and beyond to achieve sustainable growth with confidence.

OUR MISSION

Our mission is to empower businesses to embrace secure digital transformation, build resilience, and unlock smarter ways of working through our expertise in Cloud, Cybersecurity, and Microsoft technologies.

CORE VALUES

Our values are built on integrity, innovation, and reliability. We are committed to delivering secure, scalable, and future-ready IT solutions that empower businesses to thrive. With a strong focus on collaboration, trust, and continuous improvement, we help clients transform their digital ecosystems with confidence.

Integrity:

Honesty, accountability, and responsibility.

Excellence:

Delivering enterprise-grade solutions with impact.

Innovation:

Applying emerging tech to real-world needs.

Client Focus:

Building trusted, long-term partnerships.

Security First:

Protecting clients across every layer.

OUR SERVICES

IT Consultancy

- IT Strategy & Digital Transformation
- Technology Modernization & Migration
- Secure Collaboration & Remote Workforce Solutions
- Business Continuity & Disaster Recovery
- Enterprise Software Development
- AI-Powered Process Automation

Cloud Infrastructure & Migration

- Multi-Cloud Management (Azure, AWS, GCP, OCI)
- Cloud Governance & Policy Enforcement
- Cloud FinOps & Cost Optimization
- Cloud Security & Compliance
- Cloud Monitoring & Performance Management
- Cloud Transformation & Migration

Cyber Security

- Endpoint Security & EDR
- Identity & Access Management (IAM)
- Privileged Access Management (PAM)
- Single Sign-On (SSO)
- Vulnerability & Patch Management
- Collaboration Security (Email, Teams, SharePoint)

Enterprise Security

- Security Information & Event Management (SIEM)
- Advanced Threat Protection (XDR/SOAR)
- Incident Response & Digital Forensics
- Threat Intelligence & Threat Hunting
- Cloud Security Monitoring & Protection
- Incident Readiness & Playbook Development

OUR SERVICES

Information Security

- IT Governance, Risk & Compliance
- Information Classification & Labeling
- Security Policy Design & Enforcement
- Information Rights Management (IRM)
- Zero Trust Strategy & Implementation
- Security Awareness & User Training

Network Security

- Next-Generation Firewall (NGFW) Management
- VPN & Zero Trust Network Access (ZTNA) Security
- Intrusion Detection & Prevention (IDS/IPS)
- Web, DNS, and Application Control Security
- Advanced NAT, VLAN, and Multi-WAN Configuration
- Firewall Policy Auditing & Optimization

Security Hardening & Benchmarking

- Compliance Gap Analysis (NIST, ISO, GDPR, HIPAA)
- CIS Benchmarking (Windows, Linux, Azure, M365)
- Cloud Security Posture Management (CSPM)
- Security Configuration Assessment (SCA)
- OS & Applications Hardening
- Offensive Security & Threat Simulation

Active Directory & Hybrid Infrastructure

- Active Directory Modernization & Migration
- AD & Group Policy Management
- DNS, DHCP & File Server Configuration
- PKI & Certificate Authority Deployment
- Azure AD Connect & Hybrid Identity Setup
- Microsoft Endpoint Manager (SCCM/Intune)

OUR SERVICES

Microsoft 365 Digital Workplace

- Microsoft 365 Implementation & Migration
- Exchange online, SharePoint Online & OneDrive
- Microsoft Teams & Collaboration
- Microsoft 365 Apps Deployment & Updates
- Power Platform (Power Automate & Power Apps)
- Copilot Readiness & Enablement

Microsoft Intune

- Unified Endpoint Management (Win, macOS, iOS)
- Conditional Access & MFA Implementation
- App Deployment & Protection
- Device Security Configuration Policies
- Zero-Touch Deployment & Autopilot Setup
- BYOD & Mobile Device Management

Microsoft Defender

- Defender for Endpoint & Servers
- Defender for Office 365 (Email Security)
- Defender for Identity
- Defender for Cloud & Cloud Apps
- Defender Vulnerability Management
- Microsoft Defender XDR (with Sentinel Integration)

Microsoft Entra ID

- Entra ID Migration & Integration
- SSO Integration with Third-Party Applications
- Identity Protection & Risk-Based Access
- Identity Lifecycle & Governance
- RBAC & Enterprise Application Provisioning
- Privileged Identity Management (PIM)

OUR SERVICES

Microsoft Compliance & Governance

- Data Loss Prevention (DLP) & Information Protection
- Sensitivity Labels & Data Classification
- Insider Risk Management
- eDiscovery & Audit
- Records & Data Lifecycle Management
- Compliance & Data Residency (GDPR, ISO, HIPAA)

Microsoft Copilot

- Copilot Deployment & Licensing
- Copilot for Microsoft 365 Apps
- Copilot Security & Compliance Readiness
- User Enablement & Training Programs
- Copilot Integration with Business Data
- AI Governance & Responsible AI

Enterprise Email Security

- Spam & Phishing Protection
- DKIM, SPF, DMARC Configuration
- Email Encryption & DLP Policies
- Email Archiving & Legal Hold
- Zero-Day Attack Protection
- MTA-STX, BIMI & Threat Hunting

Email Archiving Solution

- Automatic Journaling for All Emails
- Powerful Full-Text Search & Legal Hold
- Self-Hosted on Windows or Linux Servers
- Tamper-Proof Archiving with Encryption
- Role-Based Access & Multi-Tenant Support
- GDPR, HIPAA & SEC Compliance with Retention

OUR SERVICES

Backup & Disaster Recovery

- Microsoft 365 Backup & Recovery
- On-Prem & Cloud Backup Solutions
- Immutable Storage & Ransomware Protection
- Disaster Recovery as a Service (DRaaS)
- Business Continuity Strategy & Testing
- Cross-Region & Multi-Cloud Resilience

Azure Cloud & Azure Security

- Azure Infrastructure Deployment & Migration
- Azure Virtual Desktop (AVD) Implementation
- BCDR with Azure Site Recovery
- Azure Sentinel & SOC Integration
- Advanced Threat Protection (SOAR)
- Azure Landing Zone & Cost Optimization

DevSecOps and Automation

- CI/CD Pipeline with Security Controls
- Infrastructure as Code (IaC) & Automation
- Containerization with Docker & Kubernetes
- Container Security & Kubernetes Hardening
- Static & Dynamic Code Analysis (SAST/DAST)
- Shift-Left Security & DevOps Toolchain Integration

Managed IT Services

- ITSM & IT Asset Management Services
- 24/7 IT Support & Help Desk Services
- Cloud & Endpoint Management
- IT Security Management
- Infrastructure Monitoring & Management
- IT Maintenance, Backup & Recovery

OUR PORTFOLIO

With **7+ years in Tech**, Skytech has delivered enterprise-grade solutions across cloud, security platforms.

80+
Projects

Microsoft 365 & Intune

Secured Microsoft 365 and Intune deployments, migrations, and policy enforcement across industries.

40+
Projects

Cloud Infrastructure & Migrations

Delivered scalable cloud solutions on Azure, AWS, Oracle Cloud, and GCP.

50+
Projects

Cybersecurity & Network Security

Implemented Zero Trust, Microsoft Defender, and compliance-driven security measures.

30+
Projects

Devops & automation

Delivered 30+ projects using Kubernetes, CI/CD, OpenShift, Ansible, Terraform, and Grafana across the DevOps lifecycle.

100+
Projects

Windows Server & On-Prem

Designed and managed AD, GPO, DNS, and core infrastructure for secure enterprise environments.

40+
Projects

Microsoft Hybrid Infrastructure

Implemented Hybrid AD, Exchange, and cloud integrations for seamless enterprise operations.

WHY CHOOSE SKYTECH?

01 Certified Engineers with Hands-On Industry Experience

02 Proven Microsoft 365, Cloud & Cybersecurity Expertise

03 End-to-End Implementation & Support

04 Customized Security & Cloud Strategies

05 Security-First Design Across All Solutions

06 Transparent Engagement & Long-Term Partnerships
